FELLOWSHIP EXPERIENCE

HyperVerge Academy

Web Development Fellowship | August, 2023 - March, 2024

- I am currently pursuing a web development course at HyperVerge Academy as a fellow.
- Where, I have gained proficiency in, HTML, CSS, JavaScript, Bootstrap, Node.js, Express, MongoDB, and React.js by developing multiple projects.

RELEVANT PROJECTS

Dictionary-App ([Link](#))

HTML, CSS, JavaScript | February, 2024 - February, 2024

- During the Mini Hackathon event, I independently developed a dictionary app as a part of the project assigned by [Hyperverge Academy](#).
- This Dictionary app provides definitions, parts of speech, and meanings of words from the Dictionary APIs.

Library-Management-System ([Link](#))

HTML, CSS, Bootstrap EJS, Node JS, Express JS, MongoDB | January, 2024 - January, 2024

- I have independently developed a Library management system website.
- Members can issue and return books, add, delete, edit, and view books.

Image-Searching-App ([Link](#))

HTML CSS, JavaScript | October, 2023 - October 2023

- We can use an image search app to fetch data from image APIs and find any desired image.

EDUCATION

2019 - 2022 | Gossner College, Ranchi | 8.5 CGPA

Bachelor of Science - Information Technology
